Monitoring and Evaluation CoP

Update on work in 2017 and plans for 2018

Progress report from 2017

- Approval of M&E framework;

- Progress on KAZA Impact Monitoring working group and looking for ways to link it to this CoP;

- Re-positioning of the CoP with movement of people and new TFCA-landscape programmes:

  - Changes in staff and addition for Zimbabwe, Malawi-Zambia, KAZA, Tanzania

  - Inception of landscape-based programmes, such as Vukanow, Khetha, KfW, BIOPAMA II

Plans for 2018

- Pilot the Y1 phase M&E Framework with the TFCA Coordinating Agencies through Survey Monkey;

- Meet with the KMI to support the implementation process and see linkages with SADC M&E Framework;

- Present first SADC TFCAs Progress Report at 2019 SADC TFCA Network meeting;

- Define a plan of action for 2018 with new members and programmes

  - Initiate discussion on using M&E to make SADC TFCAs list more inclusive;

  - Define vision and objectives for CoP;

  - Seek more representation from SADC TFCA Steering Committee;

  - Plan a joint meeting with the Data Management CoP on potential merging.

Update on M&E implementation

2017-2018

- The Framework was approved during the Ministers' Meeting held in November 2017;

- Implementation should happen at the pace of the SADC Results-based M&E System;

- The M&E CoP and the TFCA Unit are considering a way to pilot the system using alternative tools.

- The SADC TFCA Unit has piloted their components of the Framework

2018 - 2019

- Complete the design of the pilot phase and indicators by December 2018, using Survey Monkey;

- Send to TFCAs Coordinating Agencies the Survey Monkey form to complete by mid February 2019;

- Prepare the first M&E report by the 2019 SADC TFCA Network meeting (planned for March 2019)
