OTHER ANNOUNCEMENTS

The International Union of Pure and Applied Biophysics (IUPAB) intends to support an Advanced Workshop on receptors and cell signalling. It will be held in Spethes, Greece in May 2015. The workshop will be sponsored by other Unions, particularly IUBMB and IUPS (but others as well).

IUPAB's interest is to support PhD students and early post-docs from developing countries, particularly from Africa. ICSU ROA has been requested to propose some candidates for selection to represent Africa as was done some years back.

If you'd like to nominate a student/scientist from your country, as a possible final recommendation to IUPAB, please contact **Richard Glover**
